Pre-requisites: Module 7

I. Rationale:

This workshop will equip Bowenwork practitioners with a range of additional assessment tools to support them in their practice and knowing when to refer clients to more appropriate healthcare practitioners. *BOWEN - Inside Out* is about learning to read and respond to body wisdom, integrating a broader range of signs, symptoms, and indications in determining the appropriate Bowenwork procedures to apply in a session, and recognizing when there is the need for referral.

II. Presentation Aims and Outcomes:

Aims

This course aims to enable practitioners to confidently recognize various signs when assessing a client's body (such as the eye, the facial structure, nails, and tongue), select Bowenwork protocols, and refer clients when necessary.

Specific Learning Outcomes:

By the end of this presentation, participants will have:

1. Conducted simple assessments that reflect the internal health of the client by:
 - Tongue assessment - simple assessment - dry, red, white coating, yellow coating
 - Facial signs
 - Hands and nails
 - Iris pupillary margin assessment and sclera signs
2. Reviewed the anatomy, physiology, and common ailments of the GIT, Respiratory, Endocrine, and Renal systems
3. Performed Body Assessments practice in pairs (done through Zoom breakout rooms)
4. Analyzed the information from the assessments and created a Bowenwork session plan
5. Reviewed Bowenwork procedures such as Respiratory, Kidney, Coccyx, URT/TMJ, among others, as directed by participant questions, etc.

III. Presentation Requirements:

Reliable internet and Zoom accessibility

Phone, tablet or camera to take photos of irises, tongues, etc.

IV. Additional Resource Readings:

Pupillary Margin chart / Simple Sclera Markings Chart

Tongue Assessment chart

Pictures of facial signs

Pictures of hand/nail signs
